PROFESSIONAL EXPERIENCE

PHOENIX GLOBAL PROPERTIES, Lagos, Nigeria
Software Developer & Website Manager   **January 2024 - Present**
- Developed a responsive website for Phoenix Global Properties, listing and showcasing available properties to potential buyers.
- Integrated a redirection feature that connects interested buyers directly with property agents for further inquiries, leading to amplified inquiry and conversion.
- Implemented SEO optimization to enhance the site's visibility on search engines, driving more traffic and attracting potential buyers, resulting in a 30% increase in property inquiry within 3 months of website launch.
- Leverage HTML, SCSS, JavaScript, Typescript, and React to create a user experience for the Phoenix Global properties.

FREELANCE DEVELOPER, Remote
Creative Frontend Developer   **December 2022 - Present**
- Designed and developed custom websites and webpages using HTML, CSS, JavaScript, and React, ensuring responsive designs across all devices.
- Created easily accessible interfaces that align with client brand guidelines and user needs, leveraging tools like Figma or Adobe XD for design mockups.
- Partnered closely with clients to understand their needs, providing technical expertise and guidance throughout the project lifecycle.

HOTEL NG, Nigeria
Frontend Developer Intern   **October 2022 - December 2022**
- Participated in developing and launching a food recipe app.
- Collaborate with other developers to Implement the approved works of product designers in the team.
- Prepared reports and documentation of tasks carried out.
